

## 2<sup>nd</sup> Grade NEWS!

Week: February 15 - 19

### \*Weekly Notes

Well, it seems as if Mother Nature has a way of making things a little bit more challenging. I had plenty of activities planned for last week and we will just move them to this week. The Valentine party will be on Tuesday so hopefully everyone will bring their cards in on that day. If someone does not, they are welcome to pass them out on Wednesday.

Library, this week, will be "Pick your own Book". We will pick up on Nightly Reading next week. Book reports from last week are due on Friday. I was trying to give a little extra time since the report was more involved than other reports. Didn't know at the time how much extra time the kids would have!

I also had planned on talking to the children about the teachers leaving for New York this week to take a class on the new reading/writing curriculum that we are implementing here at St. Mary's. I feel terrible that I did not get the chance to tell them good-bye. I know they will have a great week with Mrs. Hodgson. We met on Sunday and went through the week's schedule and I know that the week will run smoothly and your children are in very capable hands.

We will be back in school on the 22<sup>nd</sup> and I am really looking forward to seeing those bright, smiling faces on Monday morning!

Monday: No School!

Tuesday: Happy Birthday Nieko!  
Star of the week – Nicholas Mester
