

## 2<sup>nd</sup> Grade NEWS!

Week: May 17 - 21

### \*Weekly Notes

The 2<sup>nd</sup> graders are working on their next writing assignment. We have been reading different biographies throughout the year and now the class is choosing a person to write about. We have been discussing what information should be included in their biographies and a paper is coming home today with what they came up with. Please help your child select a person to write about and to locate information. We will be looking in the library and using the computer for any information they might need. It would be nice to have a picture of the person they are writing about if you can find one. This assignment is due on Tuesday May 25<sup>th</sup>.

In Social Studies, we are still learning about our community (past and present). Please take a few minutes to fill out our classroom survey about growing up in Monroe. I truly appreciate you helping us with this project. I have sent home one for each parent. Thank you.

The year is flying by. We will be finishing our units on money and time by the end of the month. We will begin working on multiplication in small groups starting this week. We have completed our handwriting book and are now able to write in cursive. In Science, we are working on our water unit and, as always, we are working on being the best readers and writers every day.

This week is Michigan Week. On Tuesday morning the 2<sup>nd</sup> graders will be making our traditional Michigan pancakes, complete with the UP and the Great Lakes. Always a delicious way to learn about our state!
