

## February 8 – 11

\*Reading – The children will once again use spelling words from the basal although they will not be reading the story. They will be finishing the novel, Family Vacation Malfunction. What an enjoyable read this book has been...especially to begin our reading workshop! There will be a quiz to assess their comprehension of the book.

\*English grammar – the children will explore and practice the tenses of irregular verbs. For example, come, came, has come.

\*Social Studies – The children will finish presenting the information they gathered on the Native American tribe assigned to them. They will begin to learn about the people who were early settlers in MI.

\*Math – We will touch on double digit multiplication and division with remainders while we are learning the final facts of multiplication and division. We are hoping to have our REAL ice cream party the last week of February....that means everyone needs their facts memorized by then.

\*Religion – Chapter 16 deals with Jesus' ministries and miracles.

### Schedule....2/8 -11

Monday	tech
Tuesday	art
Wednesday	gym, library
Thursday	music, spelling test, Religion quiz, novel quiz, Valentine's party

Dear Parents,

What a great Catholic School's Week we had...not only celebrating "us" but honoring all of our communities as well.

We will celebrate Valentine's Day on Thursday since there is no school on Fri or the following Mon. Please have your child sign but not "address" their Valentines...that makes delivery much easier!

Please keep reading with your child nightly as well as practicing math facts. Both really go far in reinforcing what is taught here at school.

**Have a good week and a relaxing winter break!**
