

March 29 – April 1

- Literacy- Our new class novel has arrived..Sarah, Plain and Tall. It is historical fiction that fits well with our studies in Social Studies of migration to Michigan.
Word Study words will consist of Easter words.
We are continuing with the “small moment” piece in writing workshop.
- Math – Geometry, 2 and 3D objects and line segments will be our focus for the next few weeks.
- Social Studies – We will study the events that led to Michigan becoming a state. The hallway timeline continues to grow with dates, people and events that were important in Michigan’s growth and development.
- Science – I will not start a new unit until after Easter break.
- Religion – We will learn about Holy Week with the focus on the triduum.

Schedule

Monday	tech
Tuesday	art
Wednesday	phys. ed., library
Thursday	music, atrium, spelling test, Stations of the Cross

Dear Parents,

I have allowed water bottles (the drinking fountain is a ways from our room), chap stick (winter is hard on lips), and hand sanitizer (we've had some nasty germs this year). Unfortunately, the use of a few of these items has gotten out of hand. We have girls bringing 2 or 3 different types of lip gloss, there are hand sanitizer bottles with strong smells and water bottles that don't close tightly so we have puddles daily. The children are also using these items inappropriately...too often, in the middle of a lesson, drinking all the water in the first half hour of the day...you get the idea! I have spoken to them about this and am hoping to see improvement. Just don't be surprised if the excess items come home.

I hope you all have a relaxing Easter break. See you in church!
