

## April 19 – 25

**Literacy** – we will do closing activities for our novel Sarah, Plain and Tall. These activities will include analyzing characters, comprehension and, if I can find it, watch the movie and compare and contrast it to the book.

Anita Passon will be coming to SMS to speak to the 3<sup>rd</sup>, 4<sup>th</sup> and 5<sup>th</sup> graders. All have finished reading her great novel, Family Vacation Malfunction. We can't wait to meet the author and discuss her book.

In writing workshop the children are finishing and editing their small moments' story. Once completed and "published" we will celebrate our successes.

I apologized for my mistake in last week's notes in writing "adjectives" instead of "adverbs" for English grammar. **Adverbs** will continue.

**Math** – more geometry....polygons, triangles, quadrilaterals and the concepts of congruent and similar shapes

**Religion**- We will review Unit 3 and its faith words and concepts

**Social Studies**- We will discuss what a Representative Government is as well as how it works.

**Science** –We will begin our unit on sound.

## Schedule

Monday art

Tuesday phys. ed.

Wednesday music, Mrs. Passon, library, Unit 3 religion test part 1

Thursday tech, adverb test part 1, atrium, Unit 3 part 2
