

May 10 - 14

Literacy - We will finish reading our class novel, Ribsy, as well as our read along, Shiloh. Both books are about dogs but are so different in every other way. The students are enjoying both!

Writing Workshop finds us finishing and sharing our Small Moments stories and we will also do some writing in relationship to Ribsy.

Abbreviations will be the topic of our grammar lessons.

Math - We will finish and review the geometry lessons...test to follow in the near future.

Religion - Chapter 24 teaches the types of prayers we pray.

Science - We will review and then assess our unit on *Sound*.

Social Studies - As a way of further understanding the judicial branch of our government, we will hold a mock trial and all the children will, in some way, participate.

Rotating Schedule for May 10 - 14

Monday	tech
Tuesday	art, science test on sound
Wednesday	phys. ed., library
Thursday	music, atrium
Friday	tech, spelling test, Religion quiz, Mass, (math test?)
