

May 24 – 28

Literacy – We enjoyed Ribsy, by Beverly Cleary so much that we will read another story by the same author from our basal. That means we will have a word study list with words from our content areas as well as a spelling list.

In Writing Workshop we have been enjoying tall tales. After we examine a few more and practice our exaggeration skills we will write our *own* tall tale.

We will continue work on sentence structure and punctuation in grammar.

Math – Our review will continue with an emphasis on subtraction.

Religion – We will not start a new chapter but will continue our prayer of the rosary and work on a Pentecost project.

Science – We will continue studying light.

Social Studies – More work will be done on the topic of economy.

Rotating Schedule May 17 – 28

Monday	phys. ed
Tuesday	music
Wednesday	tech, pen pal visit
Thursday	art, atrium
Friday	no school
